PROFILE SUMMARY

Final-year Applied Statistics with Information Technology student (BSc, expected Dec 2026) combining compliance-focused data experience with digital publishing and web development skills. Completed a three-month attachment at a national regulatory authority (PBORA) building digital data-collection and reporting tools, built and runs Vanywinner News (vanywinner.co.ke), an independent Kenyan news website, and independently delivers training as a statistics tutor. Organized, detail-oriented, and comfortable engaging diverse stakeholders.

KEY SKILLS & COMPETENCIES

- **Data Analysis & Statistics:** hypothesis testing, quantitative and qualitative analysis, data cleaning and reporting using R/RStudio, SPSS, Advanced Excel, Python, SQL and Power BI
- **Training & Facilitation:** designing and delivering learning sessions and materials; tracking participant progress
- **Partner & Data Administration:** digital onboarding/questionnaire design (KoboToolbox, Google Forms), records management, due-diligence documentation
- **Program Coordination:** planning and running initiatives independently: logistics, scheduling, stakeholder partnerships
- **Communication & Reporting:** client- and community-facing communication, report writing, news writing and fact-checked publishing, impact/progress tracking
- **Web Development:** HTML, CSS, JavaScript and Node.js; responsive websites; M-Pesa (Daraja API) payment integration; Git/GitHub and GitHub Pages deployment
- **Digital Publishing & SEO:** content publishing, Google Search Console, sitemaps and structured data, domain and DNS setup (Cloudflare), site speed and accessibility testing (Lighthouse)
- **Digital Tools:** MS Office (Word, Excel, PowerPoint), Google Forms, KoboToolbox, Power BI, Git/GitHub

DIGITAL PUBLISHING PROJECT

Founder, Editor & Developer: Vanywinner News (Ongoing)

Independent Kenyan news website, Nairobi: vanywinner.co.ke

- Designed, built and launched an independent news site covering news, business and sports, with a responsive layout, breaking-news ticker, video section, individual story pages, and About and Contact pages
- Researches, writes and publishes original stories and explainers on politics, business, sport and public policy
- Applies editorial standards: attribution of claims, original wording, labelled sourcing and a published corrections policy
- Built a custom admin dashboard so stories, photos, videos and breaking lines can be published from a browser without editing code
- Automated the build with Node.js and GitHub Actions, generating story pages and a sitemap on every post
- Set up the .co.ke domain, DNS (Cloudflare) and HTTPS; registered the site with Google Search Console, submitted its sitemap and added structured data so search engines can identify it as a news publisher
- Scored 90+ in all four Google Lighthouse categories (performance, accessibility, best practices, SEO) in desktop testing
- Designed branded social media news cards and a reusable card-maker tool for Facebook and LinkedIn posts

WEB DEVELOPMENT & DATA PROJECTS

- **Personal portfolio and statistics tutoring websites:** published responsive sites that present my work and attract tutoring clients (winslausokhala.github.io)
- **M-Pesa-enabled websites:** built web pages that connect to Safaricom's Daraja API for mobile payments
- **Client websites (in progress):** a multi-page responsive site for an auditing and tax consultancy, a site for a KCSE tuition centre in Nairobi, and an e-commerce store with product search, sorting and a shopping cart
- **Job-search automation tool, Python (in development):** reads job-alert emails, scores each role against a CV and drafts replies for review before sending

RELEVANT EXPERIENCE

Statistical Analyst, Industrial Attachment (3 months)

Public Benefit Organizations Regulatory Authority (PBORA)

- Designed and deployed digital data-collection questionnaires in KoboToolbox for a field team, comparable to onboarding partners onto a digital compliance platform
- Supported due-diligence-style data work: collecting, verifying, and cleaning administrative records from real-world partners end-to-end
- Translated findings into written reports for organizational use, applicable to knowledge-pool and publication support

Statistics Tutor, Independent (Ongoing)

Self-employed: winslausokhala.github.io

- Plans and delivers training sessions, adapting technical material into clear, accessible explanations for learners
- Manages scheduling, materials, a published website, and client communication independently

EDUCATION

BSc, Applied Statistics with Information Technology (Expected Dec 2026)

Masinde Muliro University of Science and Technology. Coursework: hypothesis testing, quantitative & qualitative analysis, R/RStudio, SPSS, Advanced Excel, Python

Kenya Certificate of Secondary Education (KCSE), Grade: B+ (72 points)

St. Mary's Kibabii Boys High School
